創業文化二年 九鬼肥料工業株式会社

KUKI Fertilizer Industrial Co.,Ltd.

We produce and sell organic chemical fertilizers, compound fertilizers, and BB fertilizers.

We are a long-established fertilizer manufacturer with over 200 years of business history.

[Business Description and Features]

We have been producing and selling fertilizers since 1805. We have more than 200 years of experience and knowledge, which allows us to quickly offer proposals. We provide chemical fertilizers, organic compound fertilizers, BB fertilizers, and organic BB fertilizers on a made-to-order basis according to your request.

It is necessary to adjust material composition according to the crops, climate, and soil properties in each region to manufacture more effective fertilizers. This is why we have our headquarters and branch office in Yokkaichi and Sapporo, respectively, and also have plants in Yokkaichi and Kushiro. We also have OEM partnerships with other fertilizer manufacturers. This is how we produce products according to the actual circumstances of each region while satisfying customer requests in each region. Our nationwide services are also attentive in terms of transportation, as we have a system to swiftly provide products at the appropriate time and in the appropriate amount.

[Outline and Uses of Main Products, Technology, Merchandise, and Services]

We produce chemical fertilizers, organic compound fertilizers, and BB fertilizers in Yokkaichi, and also produce BB fertilizers in Kushiro, covering regions from Hokkaido to Kyushu. We can also provide such products to overseas customers.

We produce and sell organic chemical fertilizers, compound fertilizers, and BB fertilizers Labor saving

Our long-effective, one-shot fertilizers reduce fertilization and help save labor in cultivation of wetland rice, fruit, vegetables, and so on.
